 (Examiner/SPE Signature)

 (Applicant/Applicant's Representative Signature – if appropriate)

Continuation of Substance of Interview including description of the general nature of what was discussed: The Examiner called Applicant and indicated that the claims would be in allowable condition if the following amendments were made to the claims:

In claims 4 and 5, the substitution in line 1 of the term "A" at the beginning of the claim with the phrase - - An isolated- - ;

In claims 15-18, amendment of the claims so that each occurrence of an prokaryotic cell is limited to embodiments wherein the prokaryotic cell is Mycoplasma;

In claims 4, 10, and 13-18, an identification of the portion of the genome of a prokaryotic cell encoding a DNA region encoding an NXB site such that the portion of the genome is also identified as - - encoding an antigen- - ;

In claims 12 and 15-18, the phrase "end of said DNA molecule" in supart (2) of the claim should be amended to read - - end of said DNA molecule of (1)- - .

The amendments of claims 4 and 5 is for the purpose of excluding DNA molecules that may be found in nature.

The amendment of claims 15-18 (reference to Mycoplasma) is to perfect the amendments to overcome the prior art rejections of record.

The amendment of claims 4, 10, and 13-18 is to ensure that the claimed inventions meet the utility requirement.

The amendment of claims 10, 12, and 15-18 is to clarify that "said DNA molecule" is the DNA molecule was described in subpart (1) of the claim.

The amendments were found acceptable by the Applicant, and it was indicated that they may be made by Examiners Amendment.
